# **EuroPro B1 Examination Guide**

The Euro and EuroPro exams test communicative competence by testing success in real communication. Exam tasks are directly based on the Common European Framework of the Council of Europe. Passing the Euro or the EuroPro Exam indicates that the candidate can undertake a variety of real-life tasks in English.

At EuroPro B1 there are five types of examination the candidate may attempt.

- Monolingual Written (Written examination without the mediation test)
- Bilingual Written (Written examination with the mediation test)
- Oral (Oral Examination only)
- Monolingual Complex (Written and oral examinations without the mediation test)
- · Bilingual Complex (written and oral examinations with the mediation test)

To pass any of these examinations the candidate must have an average mark of 60% over all the tests attempted and score at least 40% in every test.

If the candidate fails a complex examination, but has satisfied the conditions for passing either the written or the oral examination, s/he is awarded the written or oral examination.

#### Task 4 - Discussion

The candidates as a pair receive a topic card which contains a debatable point or question (e.g. what are some of the problems of living in a foreign country?). First they think of issues which answer the question or contribute to the debate. Then the candidates discuss, expand on and prioritise these issues. Task 4 is the only task in the speaking test in which the candidates talk to their partner.
